## MESSAGE

I am pleased to learn about the online *Bhoomi Poojan* of FUEL Center of Excellence campus at Bhugaon, Pune. The creation of a new infrastructure brings with it fresh energy and inspiration.

Today's world is driven by technology and innovation. Leveraging the role of technology as a force multiplier in providing solutions and opportunities, we have taken concrete measures with integrated approach to pave the way for intent, intellect and energy of our Yuva Shakti.

Our emphasis to equip our large workforce with latest skills and our constant endeavour towards creating an ecosystem of enterprise and innovation is powering the nation's resolve of *Aatmanirbhar Bharat*, more so in a post-COVID world. Efforts of stakeholders like FUEL further and strengthen this vision with their valued contribution.

This initiative of FUEL to provide career guidance and impart skills to the youth is a noble one. May the endeavour to provide guidance to the youth reach out, in particular, to the poor, needy and disadvantaged sections of the society.

May the auspicious occasion of *Bhoomi Poojan* provide inspiration to everyone associated with the Fuel Centre of Excellence to work with renewed dedication for the betterment of the society and the nation.

With best wishes,

(Narendra Modi)

## Dr. A. P. J. Abdul Kalam

Former President of India &  
A world-renowned Space Scientist

“ FUEL should work to reduce the gap between the urban and rural students to make them the flag bearers of tomorrow.”

- A message by Dr. Abdul Kalam Sir to the FUEL team

“ I come from a modest economic background. I was selected for FUEL's scholarship after completing 10th grade in 2019. The scholarship supported my education by way of academic coaching and skilling. I did the FUEL Junior Dr. Kalam Fellowship. This helped me to hone my technical as well as industry skills. I have been able to step into the corporate world at a very young age. As a result, I was selected for the HCL TechBee Programme to work as a Software Testing Intern which is now converted into full-time employment.
